

GLLKA 2010 Door County Excursion

Saturday June 19, 2010

The people of Door County Wisconsin would like us back!!!

So on June 19, 2010, join Lake Michigan Coordinators Jean and Jane Gertz and "Charlie our Captain" as they offer a great opportunity to travel from Gill's Rock down the bay side of the county, then cross over through the Sturgeon Bay Ship Canal and head back to Gill's Rock on the lake side, viewing all the lighthouses along the way.

The lighthouses included in this trip are: Chambers Island, Eagle Bluff, Sherwood Point, Sturgeon Bay Pierhead, Sturgeon Bay Ship Canal, Bailey's Harbor and Cana Island. The trip will take about 8 hours to complete, with a beautiful, from the water, view of the county.

The weather can cause the route to change or impact the entire boat trip. If this happens, the excursion will still take place and everyone will receive a map so that the Door County land lights can be visited.

The headquarters for this excursion will be the Wagon Trail Resort, which is located on Rowley's Bay, one of the most secluded and peaceful bays on Lake Michigan.

Cost for the conference is \$166.00 for members, \$201.00 for non-members, and \$148.00 for children 12 and under. This price includes a continental breakfast, (coffee, tea, juices, fresh fruit, Grandma's pecan and cinnamon rolls, and assorted pastries), box lunch,

snacks, water and soda, dinner, boat trip, registration fee, tax, and gratuities. Enrollment is limited to 90 people, with the deadline for registration being June 2nd, 2010.

If you have ever traveled with Charlie before, you know this will be an excellent trip. He has always thrown-in something extra for our GLLKA trips in the past, and we are sure it will happen again.

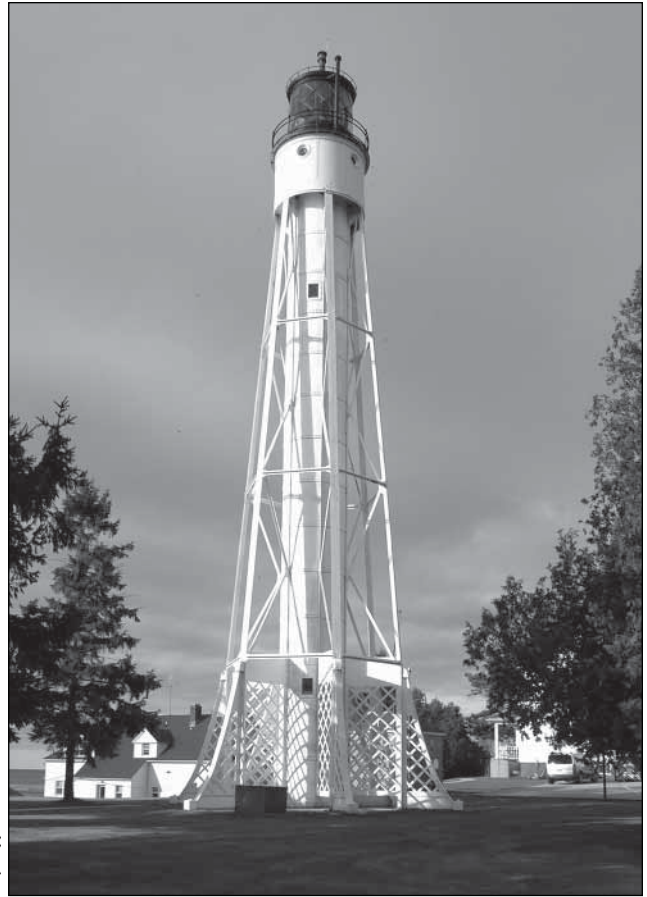

A special rate for rooms has been arranged at the Wagon Trail Resort. Specific details will be mailed upon receipt of the reservation fee. This is a great opportunity to view most of the lighthouses of Door County.

Seeing Eagle Bluff from the water provides a unique perspective

The 1883 Sherwood Point lighthouse as seen from the water

The impressive 1898 Sturgeon Bay Canal light tower
